LOCATION

The building is situated in the vibrant Slabtown neighborhood. Located in the shadow of Portland's West Hills, there are 160,000 people living within a three-mile radius of the building. The area also boasts one of Portland's highest income demographics and is a short walk from The Pearl District and NW 23rd retail. Substantial foot traffic is generated from the hundreds of newly constructed multi-family units and associated retail in the surrounding blocks.

SITE HIGHLIGHTS

Major renovation and extensive upgrades completed in 2015

Former Jaguar Land Rover automotive repair and technology building

Flexible CM3 Zoning allows most uses

Fully conditioned space throughout

Extensive power, lighting, and technology improvements

-400 AMPs of power service

Abundant natural light

Ceiling heights are 15ft plus
